

With so many companies preparing for the return of their teams to the workplace, our team is doing all we can to ensure that QuadReal properties are safe spaces for everyone. COVID-19 has impacted how businesses operate, and we have made many adjustments at our buildings around the country. To ensure you know how we're keeping you safe, we have created a new tenant app called **QuadReal+**.

QuadReal+ allows you to stay directly connected to our teams and provides you with tools and services to optimize your office experience as we all navigate these new challenges together. We ask that you please share this email with your entire staff so that each and every employee can gain access to this great new tool.

Introducing
QuadReal+

Download our new tenant experience app today!

Take advantage of our real-time building communication platform, access events and news, exclusive retailer promotions, and enjoy the innovative ways we're connecting smart building technology with our community.

Available on both iPhone and Android devices

Download on the **App Store** | GET IT ON **Google Play**

Check out some of the useful features available only through **QuadReal+**:

- Let us know when you intend to come into the office. The app will provide you with information about how we are ensuring physical distancing and other safety protocols—and help you avoid the rush.
- Stay connected with your QuadReal team through real-time notifications. You'll receive direct alerts and messages about important news and updates in the building as they happen.
- Our new retailer directory will ensure that you're aware of the operating hours of shops, services and restaurants in your building as well as special promotions and sales.
- Enjoy early access to our property events, new amenities and other exciting news happening here at the building.
