- ✓ Tetra Pak (soup, juice, milk, wine)
- ✓ Yogurt (no lid)

What does not belong in the Cans & Bottles bin...

- ⊗ **Polystyrene (Styrofoam) food containers**

- ⊗ **Food and Liquids**

Empty your beverage or food container before recycling. It will help reduce odours.

- ⊗ **Broken glass**

Broken glass should be wrapped in paper, then bagged and tagged as broken glass.

- ⊗ **Shrink wrap, cling wrap**

Shrink wrap (the plastic that wraps cases of bottles) and cling wrap (used to keep food fresh) cannot be recycled

- ⊗ **Office supplies**

Pens, highlighters, binders

Special Materials

E-Waste

Electronic waste contains substances that can be toxic. However responsible recycling methods enable many materials to be recovered and reused once more.

The following items can be disposed of by calling QuadReal Connect:

- ✓ Computers: towers and laptops
- ✓ Computer monitors
- ✓ Computer equipment and accessories
- ✓ Printers
- ✓ Fax machines
- ✓ Large toner cartridges
- ✓ Other electronic devices.

Personal electronic waste can be disposed of in the E-Waste Centre found in the PATH near the 18 York Street escalators.

- ✓ Cell phones
- ✓ Small toner cartridges
- ✓ Batteries

Lamps and Bulbs

Categorized as toxic waste due to mercury present in spent lamps. Please contact QuadReal Connect to ensure safe disposal.
